Funding Priorities

As move through the ABUNDANT Campaign, our funding priorities will shift based on the gifts and pledges that we receive. We have a three-tiered goal for the campaign, and our funding priorities follow the same pattern.

Just Enough: \$95,000

A Bold Start: \$150,000

Future Oriented: \$198,000

\$1-\$95,000	These funds will go first and foremost to paying off our mortgage, with 10% sent to the ministries beyond our walls.
\$95,001-\$150,000	The priority in this stage will be funding future ministry, with 10% going to rebuild our financial reserve, 10% to the ministries beyond our walls, and 80% to our future-oriented capital projects.
\$150,001-\$198,000	In this stage, we build a prudent reserve to help us have a safety net for the future. 20% will be directed to future-oriented projects and 10% sent to the ministries beyond our walls.
\$198,000+	Dreaming of the future! For every gift beyond our goal, 40% will go into our reserves, 40% toward additional future-oriented projects, and 20% will go to ministry beyond our walls.

Reaching our \$198,000 goal, this would break down as:

- \$20,300 beyond the walls
- \$47,600 future-oriented projects
- \$85,500 retiring debt
- \$39,600 financial reserve
